TO: Legislative Counsel

FROM: Chief, CI Staff *NA/R*SUBJECT:

1. We refer to an excerpt from your journal dated 3 September 1959, paragraph 7, of which you furnished us a copy.

2. We have checked our records to locate the derogatory information reportedly furnished by us which was apparently instrumental in denying Subject a visa. DDP files contain no information which can be identified with Subject.

3. The possibility exists that one of our field stations furnished information directly to an Embassy in connection with a visa check. Our stations are, of course, required to furnish Headquarters with a copy of such information when furnished locally, but there is always the possibility of an administrative error. We have no way of checking further on this since no geographic area is indicated.
